ANNOUNCEMENT OF NEW TEXT-BOOKS

IN PREPARATION

GOVERNMENT OF STATE AND NATION

By JAMES A. JAMES, Professor of History in Northwestern University. (Ready in August.)

There has been an evident demand among High Schools for still another text-book in Civil Government although several claiming to be fairly satisfactory are now published; but hardly one in a hundred of those who teach the subject will say that he is at all satisfied with even the best of these books. Professor James has tried to be clear without being trivial, to be interesting without being imaginative, and to be comprehensive without being exhaustive. The result is an excellent working book, full of facts of the proper sort and properly presented.

THE STUDENT'S HANDBOOK OF MUSIC-HISTORY

By THOMAS TAPPER, co-author the "Natural Music Course," 12mo, \$1.25 net. (In preparation.)

This volume will be gladly welcomed by teachers and students who have had difficulty in finding a satisfactory text-book on the history of music. Mr. Tapper's well-known reputation as an expert on all matters connected with the teaching of music, is sufficient to guarantee the excellence of the work, which will contain some original and striking features not to be found in works of a similar character.

THE AMERICAN EDUCATIONAL CATALOGUE FOR 1901. [PUBLISHERS' PRICES.]

NOTICE.—In this Catalogue only prices made by publishers themselves are given—retail, if retail, in first column; “net” (wholesale), if “net,” in second column; where a “mailing” percentage is specified by the publisher, the “mailing price” is given in the retail column marked with an asterisk (*), in addition to the wholesale price. When price-columns are left blank, the publisher failed, on application, to furnish price. A double asterisk (**) in price-columns designates books forthcoming. New books, issued since the publication of the Catalogue of 1900, are designated by a single asterisk (*) before title.

In comparing prices or ordering at retail, private buyers should bear in mind that a percentage must be added to prices quoted at wholesale, to cover freight, handling, delivering, etc. Discounts on quantities vary on different lines, according to the kind of prices adopted by the respective publishers.

For subject classification (and for collective references to classic authors entered here under separate editors), see the second part of the Catalogue, following this main alphabet.

THE AMERICAN CATALOGUE of books in print and for sale July 1, 1876, compiled under the direction of F. LEYFOLDT, and its supplements, 1876-84, 1884-90, 1890-95, and 1895-1900, compiled under the editorial direction of R. R. BOWKER, aims to present all the bibliographical features of the books in the American market, arranged in the first part alphabetically by both *authors and titles*, and in the second part alphabetically by *subjects*.

The Catalogue and its supplementary volumes form the only approximately complete guide in existence to the American books of the day, so arranged as to make reference easy from whatever direction the inquiry may come, whether from that of the author, or the title, or the subject. It not only furnishes the desired information about any particular book of which the consulter is in search, but shows what others there are by the same author or on the same subject in which he is interested. To the bookseller, therefore, it is valuable both in filling orders and in stimulating business; to the librarian, in supplying gaps and proportioning his collection; and to all who are practically concerned with books, in furnishing information which nowhere else is obtainable by so convenient a method, if obtainable at all.

The author-and-title volume of the 1876 volume is out of print. A limited number of the subject volume may be had in half leather binding at \$15.

The volume covering the period 1876-84 is also out of print.

MERRILL'S MODERN PENMANSHIP.

Nine Numbers price, 80 cents per dozen.

This system has been prepared to meet the requirements of those teachers who recognize the limitations and defects of the old slant system, but do not find in absolutely vertical penmanship an entirely satisfactory substitute. Recent careful investigation and experiment have demonstrated that a slant 18° from the vertical counteracts the tendency to back-hand writing acquired by many pupils in their effort to write vertically, and this degree of slant has been adopted for Modern Penmanship.

Full particulars will be given on application to

TERMS OF ADVERTISING.

Under the heading "Books Wanted" book-trade subscribers are given the privilege of a free advertisement for books out of print, of five nonpareil lines exclusive of address, in any issue except special numbers, to an extent not exceeding 100 lines a year. If more than five lines are sent, the excess is at 10 cents a line, and amount should be inclosed. Bids for current books and such as may be easily had from the publishers, and repeated matter, as well as all advertisements from non-subscribers, must be paid for at the rate of 10 cents a line.

Under the heading "Books for Sale," the charge to subscribers and non-subscribers is 10 cents a nonpareil line for each insertion. No deduction for repeated matter.

Under the heading "Situations Wanted," subscribers are entitled to one free insertion of five lines. For repeated matter and advertisements of non-subscribers the charge is 10 cents a line.

All other small, undisplaced, advertisements will be charged at the uniform rate of 10 cents a nonpareil line. Eight words may be reckoned to the line.

Parties with whom we have no accounts must pay in advance, otherwise no notice will be taken of their communications.

Parties desiring to receive answers to their advertisements through this office should either call for them or enclose postage stamps with their orders for the insertion of such advertisements. In all cases we must have the full address of advertisers, not necessarily for publication, but as a guarantee of good faith.

BOOKS WANTED.

In answering, please state edition, condition, and price, including postage or express charges.

Houses that are willing to deal exclusively on a cash-on-delivery basis will find it to their advantage to put after their firm-name the word [Cash].

Write your wants plainly and on one side of the sheet only. Illegibly-written "wants" will be considered as not having been received. The "Publishers' Weekly" does not hold itself responsible for errors.

It should be understood that the appearance of advertisements in this column, or elsewhere in the "Publishers' Weekly" does not furnish a guarantee of credit. While it is endeavored to safeguard these columns by withdrawing the privilege of their use from advertisers who are not "good pay," booksellers should take the usual precaution, as to advertisers not known to them, that they would take in making sales to any unknown parties.
